Response to Amendment

1. Amendment filed on August 22, 2003 has been entered. Claim 40 has been cancelled. Claims 1-39, 41 are pending in the application. Claims 25-39 are withdrawn from consideration as directed to a non-elected invention.

Election/Restrictions

2. Applicant's election with traverse of Claims 1-24, 41 is acknowledged. The traversal is on the ground(s) that no serious burden on the Examiner exists. This is not found persuasive because independent and distinct inventions of Groups I and II have separate classification, separate status in the art, and a different field of search as defined in MPEP § 808.02 so that the search and examination of inventions of Groups I and II would place serious burden on the Examiner.

The requirement is still deemed proper and is therefore made FINAL.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Scott T. Gray on October 23, 2003.

Claims 25-39 have been cancelled.

Allowable Subject Matter

4. **Claims 1-24, 41** are allowed.

The following is an examiner's statement of reasons for allowance: claim 1 is allowed because the prior art of the record does not teach or suggest a method of forming an ablative structure by applying a first layer of ablative material which does not contain an intumescent material while a second layer contains the intumescent material. Closest prior art of McGinnis et al teaches a method of forming an ablative structure by applying first and second layers as claimed. However, both first and second layers contain an intumescent material.

Claims 2-12 are allowed as further limiting allowed claim 1.

Claims 13-24, 41 are allowed for the reasons of record as set forth in Paragraph No. 8 of the Office Action mailed on June 2003.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
